

USER GUIDE

GETTING STARTED

In your internet browser, type in your district's Nutrislice URL. Select the type of school and menu you are looking for information about (*figure 1*).

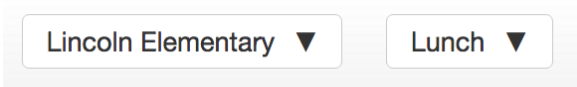

figure 1

Once you are on your Nutrislice site, use your cursor to hover over a specific food. Depending on the features your district is using, you may see a photo of the food, a description of the food, and a nutrition label pertaining to a serving of this food (*figure 2*).

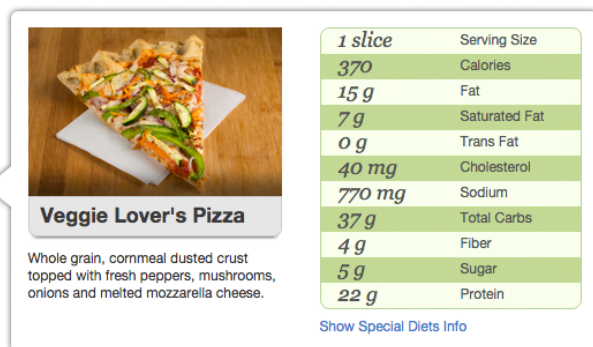

figure 2

You may also click on the words "Show Special Diets Info" at the bottom of the nutrition label to obtain allergen information (*figure 3*).

If you click "Show Special Diets Info," a waiver will come up before allowing you to view the allergen information. This waiver explains that the information comes from the food manufacturers and is only as good as what has been provided by them to the district. Please click that you accept these terms at the bottom.

When you can go back to the food you selected and hover over it again, allergen information will appear at the top right (*figure 4*).
